## Education

- 2020** - Graduated as Industrial Designer - Design school of University of Québec at Montréal  
DESS Transportation design
- 2019** - Bachelor of Engineering - University of Technology Belfort-Montbéliard  
Five years of mechanical engineering, industrial design and ergonomics studies

## Award

- 2020** - 2019 BRP international design competition  
3rd prize winner

## Skills

### Design

Define the need  
Analysis of the existing  
Activity study  
Ideation  
Validation of solutions  
Communicate the concept

### Technical

2D sketching  
CAD/Poly modeling  
Realistic rendering  
Prototyping

## Experiences

- 2021** 1 y. - **Engineer & surface modeler** (DELAGE Automobiles)  
Nevers / France / **MS-Innov consultant**  
Adaptation of the design for the 1st prototype of the Delage D12  
Design of Delage D12 bodywork parts  
Cockpit upholstery design  
Design of carbon / composites parts
- 2020** 6 mos. - **Automotive Designer** (DEUTSCHMAN Design)  
Montréal / Canada / **Traineeship**  
Re-design of a custom roadster (style & ergonomics) on a limited budget  
Retro engineering  
Highlighting the product in video
- 2019** 6 mos. - **Designer & mechanical engineer** (BENBAGENG SLu)  
Magny-Cours / France / **Internship**  
Design of an electric supercar  
Delage D12 front suspension design
- 2017** 6 mos. - **Mechanical engineer assistant** (Ligier Automotive)  
Magny-Cours / France / **Internship**  
Design of sports prototype vehicles for competition  
JSP4 dashboard design  
Implementation of the air conditioning option JSP4/JSP3

## Languages

French - Mother tongue

English - Level C1 - Courant  
Certified BULATS

Spanish - Level A1 - Basic

## Additional

Infographics // Computer graphics // Photography  
2016-2018 - Volunteerism at the sport association of UTBM

Drawing // Design  
Activity carried out for over 18 years

Road cycling // Sailing  
Competed the Cycling 24 Hours Of Le Mans **2016**  
Competed the Course Croisière EDHEC **2015**
